

Pledge the Pink - Editing Your Fundraising Team Page

You can only edit your Fundraising Team page if you created the page (team captain).

Go to your fundraising team page and click "Edit this Page"

The screenshot shows a user interface for managing a fundraising team page. At the top, it says "Hey Mel, welcome to your team page!" followed by a sub-header "Need to make changes to this page?". Below this is a prominent orange button labeled "Edit this page" with a pencil icon, which is highlighted with a red rectangular box. Underneath, there is a section titled "Your fundraising page:" with a grey button labeled "Go to my fundraising page" featuring an external link icon. The bottom section is divided into two columns: "Your shortlink:" with the URL "https://pledgewith.me" and a pink "Copy" button with a clipboard icon; and "Your full URL:" with the URL "https://donate.pledge" and a pink "Copy" button with a clipboard icon. At the very bottom, a yellow bar contains the text "↓ Your public page starts here ↓".
